

Fiscal Year 2023

# The 36th Annual Meeting of the Japanese Society of Human Sciences of Health-Social Services

We would like to extend my greetings on the 36th Annual Meeting of the Japanese Society of Human Sciences of Health-Social Services (JSHSS). This meeting is to be held on-site at the Osaka Ibaraki Campus of Ritsumeikan University (OIC) for the first time in four years.

Under the theme of "Toward the Realization of 'Well-being' that Leaves No One Behind", we have invited Yoichi Kitahara of Asahi Kasei Corporation and Kaori Ito of Asahi Kasei Homes Corporation to deliver keynote speeches on "Challenges using digital and analog technologies to realize healthy and comfortable life for everyone from children to seniors". Afterwards, a symposium will be held in memory of Dr. Munehiro Hirayama and Dr. Tadao Takayama, who made great contributions to health and welfare studies, chaired by Dr. Tokie Anme, President of the Society. In addition, in keeping with one of the concepts of the Osaka Ibaraki Campus, "Gateway to Asia", we welcome the international dissemination of research results in English in the general presentations. In the evening, we are planning to hold an information exchange party to provide a place for participants to talk and have a time for socializing. We look forward to your participation.
